

On Armistice Day THINK!

IS THERE SUFFERING IN YOUR COMMUNITY?

*The Red Cross is an emergency organization to alleviate distress.
Wherever suffering is, an emergency still exists.*

Do You Know Of Any Disabled Veteran

who has not received the help the Government is ready and eager to give him?

The American Red Cross wants to help the Government find every last man who is suffering on account of his war service on sea, in field or in camp.

It wants to help such a man fill out his compensation, hospitalization and vocational education papers for action at Washington; it will follow up his claim; it will help him get ready for the hospital; it will give him encouragement and recreation while he is at the hospital; it will give neighborly, unobstructive aid to his family while he is gone; in a thousand ways it will be his true friend and counsellor.

The Red Cross spent last year approximately ten million dollars in serving disabled ex-service men and their families. It must find that last man who is suffering, and perhaps you know his name. Send his name and address to your Red Cross Chapter immediately.

And when you know that this one activity of the Red Cross costs nearly four million dollars more than the aggregate receipts of the years' membership dues, you certainly will not only help it find and help these disabled men, but you will renew your membership and see that every last member of your family is enrolled.

Your Red Cross can carry on only through your support!

ANNUAL ROLL CALL NOV. 11-24TH

ANSWER--"Here's our membership and here's our dollar"

This space dedicated to the memory of the men who did not come back.
